Should I be a recipient of a study grant, I certify that I have read and will abide by the Study Grant Guidelines published by the LA Chapter of The American Guild of Organists. I also understand that if I am applying as a current organ student, I will be allowed no more than two hours of practice and preparation time on the audition organ during the week prior to the audition. If I have had more than two years of organ study, I understand that I must prepare the organ for the audition without assistance of any other person at the audition site.

I will provide three copies of the music for the pieces (including the hymn) that I will play. I will number the measures on all copies including my own. The judges will use the measure numbers to reference in their remarks.

On the reverse side of this form or on a separate page, I have listed the names of the pieces I will play at the audition.

I have included on a separate page the following information:

- A brief biographical sketch listing past and present teachers, schools attended or attending, and any awards, honors, grants or scholarships that I have received in the past.
- A brief paragraph telling about my past and future interest in the organ, why this grant is important to me, and how it will help me in my educational and career objectives.
